SUMMARY

Highly motivated and innovative 19-year-old AI enthusiast with hands-on experience in AI-first development through an intensive program at GauntletAI. Recognized with multiple awards at FBLA and DECA Nationals, and strong analytical skills as evidenced by a 34 ACT and a 40 CCAT. Passionate about leveraging cutting-edge AI technology and continuous learning to drive creative solutions in fast-paced tech environments.

EXPERIENCE

GauntletAI
Gauntlet Challenger
January 2024 – Present

- Gained practical experience in AI-first development through an intensive training program focused on building and integrating advanced AI systems.
- Worked on projects that included designing, prototyping, and testing AI-driven applications using modern frameworks and development tools.
- Collaborated with peers and mentors to troubleshoot, iterate, and optimize AI algorithms, enhancing problem-solving skills and technical proficiency.

Code Ninjas
Instructor / Team Member
Oct 2020 – March 2024

- Delivered programming and game development lessons to young students in an engaging, hands-on environment.
- Assisted in fostering creativity and critical thinking in students.
